Alesia, total comfort

The **Alesia** is fitted with 4 swivel wheels with a diameter of 125 mm to facilitate moving around.

The Alesia exists in different versions: with manually adjustable legrests or without legrests. The footplate can be retracted inwards and prevents tipping over. The armrests are adjustable in height and completely retractable facilitating transfers.

Complete with centralised brakes, rear directional wheels and a reinforced back which can be inclined by the user or by a third person (the controllers are interconnected).

Options

A wide variety of options are available: serum holder, urinebag holder, document holder at the back, small neck support, side supports, table, cannister holder....

Colors

Existing in 8 different upholstery color versions of artificial leather with a possibility of optional colors (order only and at certain minimum amounts).
